

Dear Ms. Adams,

My name is Eloise Barone, and I'm writing to submit my application for the Ridge Hills University financial aid program for the spring 2024 semester.

I'm currently a first-year student enrolled in the College of Arts and Sciences pursuing a bachelor's degree in psychology. I'm passionate about my academic development and proud to be a student at Ridge Hills University.

As a student on the Dean's List with a 3.89 GPA, I feel confident that I can represent the university positively and continue to succeed.

As a senior in high school, I had the opportunity to shadow and assist a psychologist and learn about therapeutic methods and techniques from a licensed individual.

This allowed me to explore my passion for helping others and witness the impact that licensed mental health team members can have on their patients.

This was an unpaid position, but it helped me understand the value of a career in this field and solidified my interest in earning a bachelor's degree in psychology. I have several academic interests supplementing my major in psychology.

I hope to minor in Spanish so I can work with a larger number of clients and have a positive impact on a variety of individuals in my community. I also hope to remain on the Dean's List throughout my academic career, which I was able to achieve in my first and second semesters.

After graduation, I plan on earning a master's degree and eventually becoming a licensed therapist. I hope to continue pursuing my education at this institution, and receiving funding from the financial aid program would allow me to do so with ease.

Thank you for your consideration, and I look forward to speaking with you about this incredible scholarship opportunity.

Please email me at Eloise.Barone@email.com or call me at 555-457-7856 if you have any questions regarding my application.

Sincerely,

Eloise Barone
